REMARKS

In the Office Action, claim 1 is objected to because of informalities, and claims 1-8 are allowed. The drawings are objected to because they include reference characters not mentioned in the description.

In response to the office action, the specification has been amended to include the reference characters 201-204 to overcome the examiner's objection to the drawings. A few editorial and grammatical errors are also corrected in the specification as shown in the above amendment.

Claim 1 is amended to correct the informalities pointed out by the examiner. A few wordings are also amended in claims 1 and 5 to more clearly define the limitations and to avoid confusion between different elements.

As claims 1-8 are already allowed in the office action. The application should now be in full condition for allowance with the above amendment. Applicant respectfully requests that a timely Notice of Allowance be issued for this application.

Respectfully submitted,
